Matured Cider Mingled with Vanilla, Cinnamon & Maple Syrup

ALMAR ORCHARD - A MICHIGAN ORIGINAL

Dear All, Your loyalty to our cider made on our little family farm in Michigan has prompted us to reflect on the uncommon amount of support you have given. From unsolicited emails, phone calls and Facebook posts the response is overwhelming. Thank you for supporting our cider, we are truly humbled.

As the weather cools and Solstice cider appears we ask a small favour. Please enjoy a cider with someone you love and perhaps someone you don't. Please mend a bridge, extend a hand and be good to one another. Whoever you are, whatever you do recognize we are all the same. So hoist a wee glass of cider to your fellow man and look ahead to a wonderful future with a renewed sense of gratitude and optimism.

All the Best! Jim, Bruce, Karen & Felony (the dog)
